## INTRODUCTION

YouTube video → RLP 83: DNA Research Planning

<https://youtu.be/UXzNsBZ-xKs>

**Step 1: Create research objective and organize DNA results** <https://familylocket.com/rlp-dna-e-course-part-2-organize-your-dna-results-and-create-a-research-objective/>

LucidChart

<https://www.lucidchart.com>

**Step 2: Source citations for DNA and traditional sources**

<https://familylocket.com/rlp-dna-e-course-part-3-source-citations-for-dna-and-traditional-sources/>

**Step 3: Analyze sources and DNA matches**

<https://familylocket.com/rlp-dna-e-course-part-4-analyze-your-sources-and-dna-matches/>

Evidence analysis free template

<https://familylocket.com/genealogy-evidence-analysis-free-template-and-sample/>

**Step 4: Locality research and ethnicity estimates**

<https://familylocket.com/rlp-dna-e-course-part-5-locality-research-and-ethnicity/>

**Step 5: Explore DNA tools and methodology**

<https://familylocket.com/rlp-dna-e-course-part-6-exploring-dna-tools-and-methodology/>

The Leeds Method (manual clustering)
